

**ROCHELLE CITY COUNCIL  
REGULAR MEETING 04/11/11  
INTRODUCTION OF NEW STAFF  
John Beck – Street Department Operator (Full-time)**

John Beck joined the City of Rochelle on March 14, as our newest Operator in the Street Dept.

During the interview process, John was asked to identify what he views as his three (3) top attributes as an employee. He listed construction trade job knowledge, loyalty to his employer, and a sense of pride in the local region.

We are confident that John "walks the talk" in this regard: John's whole entire working career of 17-plus years has been spent with only two employers, while taking on increased responsibilities with each company. He was employed with Wilson Building in Dixon for the last ten (10) years, and with Illinois Valley Drywall for seven (7) before that.

John grew up in the Ashton area, then moved to Rochelle after high school. John, his wife Barb, and their two sons live and have strong family ties here in Rochelle. Please join me in welcoming him.
