

City of Rochelle  
Superintendent of Streets,  
Cemetery & Airport

## Memo

**To:** David Plyman  
**From:** Don Elliott  
**Date:** May 27, 2011  
**Re:** Stop Signs Ave B & S. 12<sup>th</sup> St.

---

The completion of Jack Dame Rd. with access from Ave. B has generated traffic volumes to increase that justify the need to change the intersection from yield to stop for east/west traffic on Ave. B. A traffic engineering study has been completed and the necessary MUTCD requirements are met to justify the change. Section 94-102 defines "stop" intersections in Rochelle and it is necessary to add this location for enforcement and remove the "yield" status from Section 94-106. The resolution should allow for through traffic on S. 12<sup>th</sup> St. and stop on Ave. B.

Please consider this request and prepare the necessary resolution for Council consideration.
