

City of Rochelle  
Engineering Department

## Memo

**To:** Dave Plyman, City Manager

**CC:** Don Elliott, Supt. of Street Division

Curt Ward, Engineering Technician

Chris Frye, Finance Director

Alan Cooper, City Attorney (via council packet)

**From:** Sam Tesreau, City Engineer

**Date:** June 20, 2011

**Re:** MFT resolution for Caron Rd improvement under Sec#93-00075-01-FP

**Encl:**

(1) Resolution for Improvement by Municipality Under the Illinois Highway Code (BLR 09111) appropriating MFT funds for the construction and/or engineering for Sec No. 93-00075-01-FP

- 
- 1) IDOT recently completed the audit report No. 66. Section #93-00075-01-FP, known as Caron Rd construction, appears to not have had the necessary resolutions approved by the City to appropriate funds expended from the MFT account on said project. The project was in fact constructed in the mid 1990's and an engineering agreement, with Ogle County (lead agency), is on file according to IDOT staff. The improvement is currently under the jurisdiction of the City of Rochelle.
  - 2) This project appears to have been a joint effort between the City and Ogle County through an intergovernmental agreement. IDOT has indicated that all engineering and/or construction disbursements may be authorized once the resolution and final report has been approved by the City of Rochelle.
  - 3) Please consider approval of enclosure (1) Resolution for Improvement by Municipality Under the Illinois Highway Code (BLR 09111) appropriating \$417,682.23 for the improvement of the above referenced section from the municipality's allotment of Motor Fuel tax funds.
