Re: Mini Digger-Derrick Bid Evaluation and Recommendation

On Thursday, October 13 at 11:00 AM, we opened bids for a Mini Digger-Derrick Unit.

We received three (3) bids. Dueco from Waukesha, WI bid two different units. The first unit is a SDP EZ Hauler 5500 for \$149,990; the second unit along with Skylift is a Super 6000 for \$156,152. The last bid was from Altec from Indianapolis, IN and they bid a DB37 for \$128,655.

After reviewing the bids, only one bidder met the minimum specifications.

I recommend the bid to be awarded to Dueco for the SDP EZ Hauler 5500 for \$149,990.

We will keep the existing Mini Digger-Derrick for a back-up unit.

In the 2011/ 2012 capital outlay budget, we budgeted \$140,000. (Note: meter reader pickup truck was budgeted for \$30,000 and we purchased the unit for \$15,000)
