<b>Commentary</b>
-------------------

The General Fund is the City's principal operating fund other than three Utility funds, Electric, Water/Water Reclamation, and Advanced Communications.

Included in the General Fund are general administration, public safety, public works, land use and code activities, economic development, and City Hall maintenance and operation. Seventy two percent of the General Fund budget is for employee salaries and benefits. Capital Outlay and transfers are the major expenditure commitments.

**Commentary**

The Fire Department provides fire prevention, suppression and ambulance services for the City and Ogle-Lee Fire Protection District. In addition, the Fire Chief serves as the Emergency Management Director for the City of Rochelle. Facility equipment, vehicle, utilities and cost of ambulance billing services are the major non-personnel operating costs.

**Commentary**

Engineering Division is responsible for the review of development plans, current and planned capital improvements for street, roadway, bridge, stormwater and drainage infrastructure improvements, as well as coordination of general engineering related services. Furthermore, the Engineering division provides liason between state and the local agency on intergovernmental highway agency agreements/projects as well as MFT, Fed Aid & certain IDOT EDP funded projects including truck access routes. Major expenditures include salaries and benefits for the one engineer, a full time engineering tech, part time engineering staff support clerical and outside engineering/professional services consultants. An additional engineer is proposed in this budget. Some of the outside engineering /professional services are for special projects and reviews of private developments which are subject to reimbursement by the developer per the Rochelle Municipal Code. Other consulting engineering service expenses are for non-reimbursable expenses for staff support that are not individually programmed for ineligible CIP, EDP, EDA or other grant related projects.

Commentary

The Fund is utilized for the City's share of the motor vehicle fuel tax received from the State. The revenues may be used for the City share of the IDOT Economic Development Program (EDP) projects, street maintenance including surface treatments, overlays, new construction or reconstruction and other MFT eligible expenses. Funds are programmed for various local streets/roads projects/improvements, and IDOT MFT/EDP qualified engineering and testing services.

*Commentary*

The Utility Tax Fund was established in conjunction with the 1.5% tax on natural gas and electric sales approved by the City Council in November, 1996 and renewed/amended in January 2008. In its present form, the tax rate on natural gas is 1.5% of gross revenue, and a tiered rate on electric kwh usage. Extended until April, 2013, the tax will be used for capital project areas such as flood or stormwater control facilities, sidewalk replacement construction/extensions, select residential and commercial street/curb and gutter, and street improvements along with other professional services in connection with the planning, design, ROW acquisition, engineering, permitting, construction, and implementation of such infrastructure improvements.

The Sales Tax Fund was established in conjunction with the 3/4% tax on increase on the sale of goods purchased excluding groceries, drugs and autos approved by the voters in November, 2007. The sales tax funds are to be used primarily for property tax relief and/or public infrastructure improvements. Such improvements include miscellaneous CIP and street maintenance programs by the Engineering/Street Department and/or contract for resurfacing, patching, curb/gutter replacement, etc. Furthermore, these funds are used in part for major CIPs such as Wiscold Drive improvements, Intermodal Drive drainage channel, 5th Ave street rehab., bridge replacement or enhancements, access roadways to WWTP and the airport paving project.

**Commentary**

The Capital Improvements Fund is used as a source of funds for major construction projects. Revenues are transfers from the MFT, Sales Tax, Utility Tax Funds, and other miscellaneous grants through EDA, EDP, FHWA, ICC and/or IDOT for the planning, design, ROW acquisition, engineering, permitting, construction and implementation of the general maintenance, urbanization/reconstruction, and new construction of streets, bridge/overpass structures, stormwater facilities, drainage systems and other related items. Major expenditures are for the SE Quad urbanization projects, access road to the WWTP, 5th Ave street rehabilitation, EDP projects, Wiscold Dr improvements, general maintenance of streets, bridges, scour protection, other infrastructure improvements, and associated engineering for CIPs are funded primarily from the MFT Fund and STF. Expenditures for the annual sidewalk program, SRTS along 10th Ave, 5th Ave street rehab, ARRA Lincoln Hwy/Washington St, other infrastructure improvements and associated engineering are from the UTF.

**Commentary**

The Water Division is responsible for four production wells, water distribution facilities and three elevated storage tanks. The wells produce an average of 990 million gallons of water annually that is distributed through 100 miles of water main. The division currently has four full-time employees in addition to the Superintendent who also serves as the Water Reclamation Superintendent. The laboratory work for the Division is done by Water Reclamation personnel.

Funds budgeted under Personnel Services include salaries and benefits for current employees. Major operating costs include the electrical energy required to operate the wells and the chemicals used to insure the quality of water distributed to customers. Major capital outlays include upgrading segments of the existing water main, a new well, electrical improvements to the well motor control centers, and a motor rehabilitation at Well #4.

**Commentary**

The Water Reclamation budget includes the operations of the treatment facility, eleven lift stations and the sanitary sewer collection system. The plant treats an average of 2.8 million gallons of sewage per day and has six full-time employees, one part-time lab tech, in addition to the Superintendent who also serves as the Water Division Superintendent. There is one vacant operator position. Personnel Services include current employee salaries and benefits. Major operating costs are the electrical energy required to operate the plant and lift stations, and chemicals for disinfection and sludge treatment. Major capital outlays include an upgrade to the Lakeview lift station, a new centrifuge and chemical blending equipment, demolition and construction of plant building, roof replacement for two plant buildings, and a new lift station on Caron Road.

<i>Commentary</i>
The Fund receives revenue from the operation of the Landfill (host and tipping fees) and solid waste collection services provided to residential properties. Expenditures are the payments to Rochelle Waste Disposal Services for collection of residential solid waste including landscape waste, brush pick-up by the Street Dept, and transfers to the General Fund. The IEPA approved landfill expansion in July 2012. The City will be responsible for the cost of exhumation of Cell #1 and improvements to Mulford Rd. The beginning balance for restricted funds is \$405,841 and unrestricted funds of \$1,965,919.

**Commentary**

The Ninth Street Generation Plant budget covers the 8 generating units located in the power plant immediately west of the 7th Street overpass. The plant has a current rated capacity of 15,000 KW.  
The plant is used to meet PJM capacity requirements.  
Increase in fuel costs anticipated and budgeted for.  
Major expenditures include salaries and benefits for the plant's 6 employees and plant fuel.  
Funds are also budgeted to pay for a Title V operating permit required by Federal law.

**Commentary**

The Electric Operations division is responsible for operating and maintaining our overhead and underground electrical facilities. Personnel Services include salaries and benefits for the division's 15 current full-time employees. Personnel Services includes filling the position for Assistant Superintendent of Electric Operations. Major operating expenses are contractual services and the purchase of supplies and materials necessary to maintain the overhead and underground distribution system. Additional engineering for electric system studies and required improvements.

**Commentary**

The department is responsible for administration of all utilities.

Funds are budgeted to meet the Debt Service payments on the outstanding electric system bonds.  
 Capital Funds are to update and maintain the exterior of the Administration Building at 333 Lincoln Hwy.  
 The limestone will be cleaned, repaired, and stabilized around 12 windows and the front and rear entries. The rotted trim boards at the top of the building will be replaced and painted.

*Commentary*

The Communication Services Division has been established to segregate revenues and expenditures related to the Internet operations and associated activities. Revenues are derived from monthly service fees paid by subscribers. Expenditures are for employee salaries and benefits and contractual data services required for bandwidth. Capital outlay includes material and equipment to support growing demand for broadband service.

<i>Commentary</i>	
The Airport Fund derives its revenue primarily from hangar, land, and house rental in addition to fuel sales. Expenditures are to cover the costs of maintaining and improving the airport grounds and facilities and for personnel expenditures for one full time and one part time employee. Other expenditures include land acquisition, grading and drainage for runway expansion, and safety related airport equipment.

*Commentary*

The Health Insurance Fund provides for the collection and payment of the Employee Health Plan. Revenue sources include employee contributions, payments from the General and Utility Funds and interest income.

Expenditures include claims administration and stop-loss protection, employee life insurance and medical claims. A fund balance is maintained due to the significant swing in medical claims payable.
