

**ROCHELLE CITY COUNCIL
REGULAR MEETING 11/26/12
EMPLOYEE INTRODUCTION
Jeff Sartorius – Assistant Superintendent of Electric Operations**

I am pleased to introduce Jeff Sartorius, our new Assistant Superintendent of Electric Operations.

Jeff joined our team on November 13, 2012 on the heels of a successful career of over 30 years with ComEd, all spent here in Northern Illinois. After joining ComEd as a Meter Reader, Jeff moved into material handling and overhead electric work before becoming first a Design Engineer and then Construction Supervisor for New Business Projects. During his last 7 years at ComEd, Jeff was promoted to Region Manager of Distributions System Operations, and finally to a Key Manager position in ComEd Construction and Maintenance for the Northwest Region.

What interested Jeff in the City of Rochelle and RMU is the parallel he drew between his past strategic planning and construction work, and the opportunity to make a positive impact on the future of RMU by using the knowledge and skills he gained while with ComEd.

Jeff lives near the Rock River, so it's no surprise that his interests include boating and spending time outdoors no matter what the weather. He also looks forward to time spent with his grandchildren in the Chicago suburbs.
