

**HANSON PROFESSIONAL SERVICES INC.
AMENDMENT TO PROFESSIONAL SERVICES AGREEMENT**

Whereas, **City of Rochelle**, subsequently referred to as "Client," and Hanson Professional Services Inc., subsequently referred to as "Hanson," have previously entered into a Professional Services Agreement (Agreement) dated **May 30, 2008** in connection with **Update to Airport Layout Plan**, subsequently referred to as "Project," and

Whereas, the Client has ordered certain additions to the services being provided by Hanson for the Project.

Now, therefore, this Amendment to the Agreement (Amendment No. 1) is made this _____ day of _____, 2013 to revise the Scope of Services, Schedule of Services, and Cost of Services as provided herein. All other terms and conditions of the Agreement remain unchanged. As authorized by the Client, said revisions were initiated by Hanson on December 10, 2012.

The Scope of the Agreement is modified as follows:

The scope of services for this project includes tasks necessary to revise the existing Airport Layout Plan (ALP) for the Rochelle Municipal Airport (Airport) in Rochelle, Illinois. The purpose of this documentation is to provide an Airport Layout Drawing (ALD). This effort is further identified in the tasks identified below:

Task 1.1 - ALD Sheet

The purpose for the ALD is to represent existing airfield conditions, update documents to current FAA design criteria, and to identify, define and illustrate future airfield development. These items are dependent on each other for development and progress. Additional services, beyond this scope of services, will require additional scoping and budgeting.

The existing ALD sheet will be edited to reflect facility changes made since the ALD was prepared. These facilities will be added and drawing edits will be made to bring the ALD to current design standards as set forth in FAA Advisory Circular 150/5300-13, Change 19 "Airport Design".

Deliverable: Draft Existing Airport Layout Drawing and supporting Data Sheet to be submitted to Rochelle Municipal Airport Manager and Illinois Department of Transportation – Division of Aeronautics (IDA) for review/comment.

Task 1.2 – ALP

Edit the entire ALP set to include additions and corrections necessary to meet standards contained in FAA Advisory Circular 150/5300-13, Change 19 "Airport Design". All sheets shall be edited as required to update the existing draft ALP set from Change 11 as stipulated in the original scope of services (May 30, 2008). All ALP data will be reviewed, edited, combined, separated, added, or deleted as necessary based upon FAA standards required. The ALP will be consistent with requirements set forth in FAA Great Lakes Region PPM 5070.1, dated June 28, 2011.

Deliverable: Draft ALP copies submitted to Rochelle Municipal Airport Manager and IDA for review/comment. Four paper ALP sets and one electronic copy to IDA of the signed approved ALP.

Task 1.3 - Property Map

An Airport Property Map shall be produced and included in the Rochelle Municipal Airport's ALP set as an additional sheet. This additional ALP sheet(s) shall meet FAA ALP requirements and standards as defined by FAA Great Lakes Region – RGL 5070, June 28, 2011.

Deliverable: Property Map sheet(s) included as part of the ALP.

Task 1.4 – ALP Narrative Report

An ALP Narrative Report will be produced and coordinated with the City of Rochelle and submitted for IDA review and comment. The ALP Narrative Report will be revised, edited and resubmitted for final approval. The ALP Narrative Report shall be produced in accordance with FAA content standards as defined by FAA Great Lakes Region – RGL 5070.1 dated June 28, 2011. Operations data necessary for this report will be obtained using existing airport staff documentation and FAA data, where available. Acquisition of flight data from a commercially available source such as FlightAware will also be procured.

Deliverable: Draft ALP Narrative Reports submitted to Rochelle Municipal Airport Manager and IDA for review/comment. Five printed copies of the ALP Narrative Report and one electronic copy to IDA of the final Narrative Report.

One meeting at the airport will be required as part of this scope of services for planning efforts. All other meetings anticipated for these tasks will be conducted by conference call and are reflected in the hours assigned to tasks.

Consultant Fee

Hanson Professional Services Inc. proposes to complete the previously mentioned tasks for cost plus fixed fee with a not-to-exceed amount, based on the hours and expenses shown on the attached Man-hour Tables and Cost Estimate Table. The not-to-exceed limit for these services is **\$54,000**.

The Cost of Special Services is modified as follows:

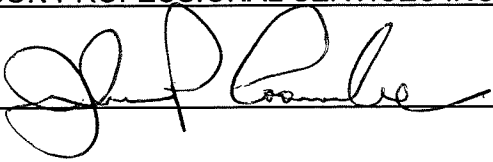

Cost of Previous Agreement	\$93,000
Total of Previous Amendments	\$0
Increases within this Amendment	<u>\$54,000</u>
Cost of Services with all Amendments	\$147,000

For services outlined above, cost plus a fixed payment of **\$16,046**, of the total amount not to exceed **\$147,000**, unless a major change or addition to the Scope of Work is required or extensions of time for completion of the project are required (not caused by the Consultant), in which case an additional Amendment will be negotiated by the Owner.

Client and Hanson hereby agree to and accept the terms as stated herein.
