RE: CDAP Grant #10-242019 Close-Out

Date: February 17, 2014

The purpose of this public hearing is to report the results of the grant project and give the residents of the City of Rochelle an opportunity to comment on the project. The CDAP grant funds were used to line approximately 7,500 linear feet of sanitary sewer. The CDAP grant was made possible through the DCEO Public Improvement program. The results of the project are as follows:

1. 7,500 linear feet of sanitary sewer along Lakeview Drive and adjacent streets was lined. This project benefitted approximately 500 within the immediate neighborhood, over 85% of which are considered low-to-moderate income persons.
2. A total of \$447,226.43 has been spent on the lift station sewer extension to date, including engineering costs. Of that amount, \$335,000 came from CDAP funds. \$112,226.43 in local funds were contributed as leverage.
3. In addition, \$15,000 in grant funds were spent on grant administration activities.
