Re: Rochelle Municipal Airport Taxiway extension IL DOT Project RPJ-4279

Preparation for the Rochelle Municipal Airport taxiway extension has been in the process for several years. The above referenced project was advertised in the Illinois Dept. of Transportation (IDOT) Notice to Contractor's Bulletin. Bids were publicly opened and read aloud on January 17, 2014 at 10 am for the above referenced project by IDOT in Springfield. Several bids were received and the low bidder was William Charles Construction Company. A bid was submitted for making the entire improvements for the project referenced above in the amount of \$737,000

The project is funded through the state/local FY 13 program where approximately \$663,300 is funded by the state and the remaining \$73,700 is funded locally. City council approval of this agency agreement will allow the City to move forward authorization that is necessary to funding associated with engineering and construction for the referenced project.

Please consider approval and execution of the state/local agency agreement which is required for the necessary funding of the project.
