- 1) Council approved a Local Agency (LA) agreement for Federal participation for STU funds for the referenced project in December 2012. Federal STU funds would cover up to 80% of the eligible construction cost with the remaining portion to be covered by the City of Rochelle (Local Agency).
 - 2) The project has been completed as of the beginning of 2014. The final cost of the project is approximately \$513,000. The LA share project is funded with Motor Fuel Tax (MFT) funds administered through IDOT. The 1st invoice has been received from IDOT as of August 2014. A transfer from FY 14/15 MFT fund 17-00 will be made to the FY 14/15 CIP fund 36-00-86092 to cover the LA costs associated with the construction project known as Veterans Parkway Pavement Improvements. City Council approval of resolution (BLR 09111) will provide the documentation of the appropriated funds to cover the costs associated with construction of the referenced project from the MFT fund. Enclosure (1) uses the standard IDOT resolution to document the requested expenditure.
 - 3) Please consider approval of enclosure (1) Resolution for Improvement by Municipality under the Illinois Highway Code (BLR 09111) appropriating Motor Fuel Tax (MFT) funds for the improvement of Veterans Parkway with Sec No. 11-00111-00-RS described herein.
