Re: T&E for 5KV Conversion

David,

I would like to extend the Time and Equipment contract with Big D Electric for the 5KV conversion labor assistance. Pending budget approval there will be \$600,000 in the budget for the 5KV conversion project this fiscal year. I would recommend extending the contract to not to exceed \$300,000.00. Big D Electric and a RMU crew are working together and making very good progress. Attached is the hourly rate of Big D Electric.

Thanks!
