Maple Park, IL 60151

("Grantor"), of the Village of Maple Park in the County of DeKalb and State of Illinois, for and in consideration of the sum of Thirteen Thousand Five Hundred and no/100 (\$13,500.00) Dollars plus Two Thousand Two Hundred Fifty and no/100 (\$2,250.00) for attorney's fees, and for other good and valuable consideration as stated hereinafter, the receipt and sufficiency of which is hereby acknowledged, hereby gives, grants, conveys and warrants to

the City of Rochelle, an Illinois municipal corporation

("Grantee"), a permanent non-exclusive easement for above-ground electric utility facilities (including steel electric transmission poles, wires and associated attachments) as well as above-ground communication lines including fiber optic cable used solely in connection with distribution of electricity ("Facilities"), including the right to construct, maintain and make all necessary repairs to said Facilities, as may be reasonable and proper, together with the right of ingress and egress for the purpose of constructing and maintaining said Facilities, and the right to construct and maintain the necessary appurtenances for said Facilities over, along, upon and through said permanent easement hereinafter described; the said Grantor further gives and grants to Grantee, as part of said consideration, the right and privilege to use such additional ground as may be necessary in the construction of said Facilities, not exceeding 25 feet in width on the west side of said permanent easement hereinafter described, said right and easement to be temporary and to be effective only during the construction of said Facilities.

The permanent easement ("Easement") is more particularly described as follows:

See legal description attached hereto as **Exhibit A**.
PIN #: Part of 06-17-401-004
Common Address: 1847 Steward Road, Steward, Illinois.
Depicted: See attached **Exhibit B**.

All situated in the Township of Alto, County of Lee in the State of Illinois, and said Grantor hereby releases and waives all rights under and by virtue of the Homestead Exemption Laws of this State.

Grantor, for himself and his heirs, assigns and successors in interest, hereby covenants to and with Grantee, that Grantee's officers, agents, employees or persons under contract with Grantee, may at any and all times, when necessary or convenient to do so, go over and upon the Easement, and do and perform any and all acts necessary or convenient for effectuating the purposes for which this grant is made; that Grantor shall not disturb, injure, molest or in any manner interfere with any of said Facilities or material for laying, maintaining, operating or repairing the same in, over or upon the Easement.

Grantor further covenants that no buildings, structures, or fencing shall be constructed or placed on the Easement Premises, and that Grantee shall have the right to remove any such buildings, structures, or fencing so constructed or placed. Grantee further agrees that the Grantor's grain handling facilities will not interfere with Grantee's transmission lines or communication lines, and Grantee expressly approves the current location of said facilities.

Grantee hereby covenants and agrees, and the Easement is hereby granted upon the express condition that, care, skill and diligence will be used in constructing and laying said Facilities on the easement aforesaid; that all of the dirt, gravel or stone removed shall be replaced and compacted upon the top of the excavation where the Facilities are laid so as to leave the ground in substantially the same condition that existed before said Facilities were laid, and all surplus dirt or gravel is to be carefully removed from the premises; that all the work of excavation is to be done in such a manner as in no way to endanger or interfere with the use of the property of the Grantor (including Grantor's grain handling facilities) and specifically that no facilities will be placed at a depth that could reasonably interfere with the farming or farm related use of the property; causing no damage to the buildings or improvements of the Grantor of the Easement nor interfering with or removing the support of the same; that it will save the Grantor harmless from any and all loss or damage the Grantor may sustain growing out of or arising in any manner from the construction, maintenance repairing, altering, changing, using or removal of said Facilities; that upon the completion of the construction of said Facilities, it will restore the surface of said premises to as good a condition as prior to the Grantee's entrance thereon.

In the event of any crop damage at any time as a result of either the initial construction or future maintenance of the facilities, the Grantee agrees that it will compensate the Grantor (or the party farming the property or the owner of the crops, as the case may be) in a fair and reasonable amount for the losses sustained from said damage. In addition, in the event that the construction or maintenance of the facilities causes compaction of areas that are used to grow crops, the Grantee agrees to compensate the Grantor (or the party farming the property, as the case may be) in an amount equal to 5 years reasonable rent for the affected area. Determination of reasonable rent shall be based on the fair rental value of farmland in the immediate neighborhood of the affected area.
