May 6, 2019

Mayor Bearrows & the City Council:

In the interest of the community and the mission of the Flagg Township Museum the museum would like to officially dedicate the Whitcomb Railroad turntable at the Ken Wise Rochelle Railroad Park on Saturday, June 1st at 11 am as part of Railroad Days.

The museum has been working with Jenny Thompson from the city to secure a permanent home for the turntable at the park. We understand the installation site may not be complete by June but feel that our responsibility is to make sure the turntable park is "officially" at the park.

With your permission we will proceed with this dedication and look forward to the time when it is permanently secured at the park.

Thank you.

Janet Stocking
