Re: Resident Parking on N 2nd

Numerous complaints have been received from residents regarding parking along the west side of N 2d St. from School Ave to 10th Ave. Problems come from the added congestion during peak grade school loading and unloading times and parents dropping off students. Many times residents can't get in or out of their drives or park near their homes as well as students crossing the street between parked cars. Chief Higby and myself have met with both Barb Cantlin and Todd Prusator and they agree that installing and enforcing the resident only parking signs is the best way to regulate the ongoing concern.

In order to facilitate this request we will need to post "Resident Parking Only" signs on N 2nd ST. from 100' north of the School Ave. and N 2nd St intersection south to 10th Ave. on the west side of the road and from School Ave. extending 100' north on the east side of N 2nd St. Pending Council approval the Street Division will order and post the signage prior to the fall elementary school start date.

Please consider this request and prepare the necessary resolution for Council consideration.
