Re: Tractor & Mower Attachments

The FY 11/12 Street Division Capital Budget includes \$67,000 for the purchase of a utility tractor and two mower attachments. Due to the increased amount of ROW mowing along roads, tech park and airport this fleet addition will allow crews to better maintain this increased maintenance responsibility.

Subsequent to the required public notice bids were opened May 19, 2011. One equipment dealer submitted a bid, Johnson Tractor, Inc. of Rochelle for a total of \$66,200 for a new Kubota M7040, Woods Batwing Mower and Diamond River boom Mower.

All proposed new equipment have met the minimum specifications as published. My recommendation is to accept the bid from Johnson Tractor, Inc. Rochelle for one new Kubota M7040 Utility Tractor, one new Woods BW180HB Mower and one new Diamond River HD 2060 Boom Mower.

Please place this on the next City Council Agenda of June 13, 2011 for consideration.

Please feel free to contact me anytime if you have questions or concerns.
