- 1) The Wiscold Drive improvements reconstruction and realignment project was identified in the Capital Improvements fund for FY 2014/2015 and will be budgeted in the FY 2015/2016 as well. Council approved the construction contract award to Martin and Company Excavating in November 2014. The Illinois Department of Transportation recently approved and executed the LPA Formal Contract.

Council approval of the resolution (BLR 09111) will allow the City to move forward with providing funding associated with engineering and/or construction on the above referenced subject from the EDP/MFT fund. Enclosure (1) uses the standard IDOT resolution to document the requested expenditure. It is expected that the project will be substantially completed by September 2015.
- 3) Please consider approval of enclosure (1) Resolution for Improvement by Municipality Under the Illinois Highway Code (BLR 09111) appropriating EDP/MFT funds for the Wiscold Drive improvement project described herein.
