

July 7, 2015

Mr. Sam Tesreau, City Engineer
City of Rochelle
420 North 6th Street
Rochelle, Illinois 61068

**Re: IL Route 38 and Lincoln Highway Signal Modification - Traffic Light Section
Section 13-00114-00-TL
Bid Summary and Recommendation**

Dear Mr. Tesreau,

Proposals for the traffic light section of the signal modification project located at IL Route 38 and Lincoln Highway were received and opened on June 22, 2015 at 10:00 a.m. in the Council Chambers at Rochelle City Hall. One proposal was received.

The proposal was submitted with the required bid forms and bid security. The proposal was reviewed for completeness and the total bid from the proposal was read aloud. A tabulation of the bid and a check of the unit prices and totals was later verified in our office. No irregularities or miscalculations were found.

William Charles Electric, LLC, submitted the only bid with a figure of \$46,270.50 for making the improvements. A Bid Tabulation is attached for your review.

The Engineer's Estimate was \$41,200.90. Since this project has been bid three times with limited interest and with this most recent bid being the most reasonable (12.3% higher than the engineer's estimate), we recommend that the City award this contract to William Charles Electric, LLC, 5290 Nimitz Road, Loves Park, IL 61111 for their Total Bid of \$46,270.50.

Please contact our office if you have any questions or need any additional information in regard to this recommendation.

Sincerely,

Shawn L. Ortgiesen, PE, PTOE
Project Manager
