Re: disposal or sale of the airport's 1992 GMC Sierra Plow truck vehicle

Encl (1) Ordinance authorizing the sale of personal property (inoperable vehicle)

1) The above referenced vehicle was transferred from the Streets Department to the Rochelle Airport in 2014. The vehicle has high mileage, is very rusty, has a failing transmission. . Repairs for the transmission and other problems with the vehicle, have been determined to be more than the truck is worth.

2) This vehicle has been sitting idle on the airport grounds for over one year. The vehicle will be sold to a local salvage company and the value is not expected to be any more than \$500. An ordinance is required to authorize the sale of certain personal property now owned by the City of Rochelle, consisting of :a 1992 GMC Sierra Plow truck vehicle.

3) Please consider approval of enclosure (1) an ordinance authorizing the sale of personal property.
