**Re: Bucket Truck**

Please find the attached Altec Model TA60 aerial device quotation. This quotation is based on the competitively bid National Joint Power Alliance contract 031014-ALT. Municipalities throughout the state of Illinois including the City of Rochelle are currently utilizing the NJPA contract for a broad array of goods and services. Information regarding NJPA purchasing can be found at [www.NJPACoop.org](http://www.NJPACoop.org). Please feel free to contact Altec Industries NJPA contract manager at any time. The bid price is 230,647.00.

Altec NJPA Contract Manager:

Andy Campbell

Cell: 218-330-3206

Office: 218-895-4145

It is my recommendation to use NJPA to purchase the truck. The truck being replace is a 2005. The delievery of the truck would be about 300 days, so this would actually come out of the next budget.

333 Lincoln Highway  
Rochelle, IL 61068
