

To whom it may concern

Rochelle Rehab and Healthcare Center is having an event for National Nursing Home week on May 13th 2017 1pm-4pm. We would like to have a community event with a bouncy house, petting zoo, and hot dogs along with several independent vendors. We would like to block off part of the street (north 3rd) in order to do this. If the city of Rochelle would consider this our facility would like to have a fun event for the community.

Thank you for your time
