Re: Rochelle Municipal Airport Runway extension IL DOT Project RPJ-4243

On July 22 2013 the Rochelle City Council approved the State of Illinois to award Martin and Company the low bidder for IL DOT Project RPJ-4243. Included in that agreement amount of \$1,264,740.08 was the Architectural/Engineering, Planning, and Special Services fees associated with the runway extension project.

Hanson Professional Services will provide these services during the construction phase of the runway extension.

It is my recommendation that the Rochelle City Council sign the agreement between Hanson Professional Services and the City of Rochelle.
