This report is provided to the Board and Municipality as part of the Public Pension Division advisory services under Section 1A-106 of the Illinois Pension Code. This report should not be relied upon for purposes other than determining the current tax levy required under the Illinois Pension Code. The assumptions have been set based expectations for all Article 4 funds in the State of Illinois. The actuarial methods are prescribed by the Illinois Pension Code and do not necessarily represent the approach recommended by either the actuary or the Department of Insurance. This report was prepared under the direct supervision of the undersigned:

Jason L. Franken  
Enrolled Actuary #11-06888  
Foster & Foster, Inc.

Scott J. Brandt  
Statistical Services, Public Pension Division  
Illinois Department of Insurance

**ROCHELLE FIREFIGHTERS PENSION FUND**  
**Tax Levy Report**

**Assets**

## Tax Levy Report

### Actuarial Methods

The following methods have been prescribed in accordance with Section 4-118 of the Illinois Pension Code.

Funding method	Projected Unit Credit
Amortization method	Normal cost, plus an additional amount (determined as a level percentage of payroll) to bring the plan's funded ratio to 90% by the end of fiscal year 2040.
Asset valuation method	Investment gains and losses are recognized over a 5-year period.

### Actuarial Assumptions

Interest rate	6.50%
Interest rate, prior fiscal year	6.50%
Healthy mortality rates	RP-2000 Combined Healthy Mortality, with Blue Collar Adjustment
Disabled mortality rates	RP-2000 Disabled Retiree Mortality
Decrements other than mortality	Experience tables
Rate of service-related deaths	5%
Rate of service-related disabilities	90%
Salary increases	Service-related table with rates grading from 12% to 4% at 30 years of service
Payroll growth	4.50%
Tier 2 cost-of-living adjustment	1.25%
Marital assumptions	80% of Members are assumed to be married; male spouses are assumed to be 3 years older than female spouses.

The actuarial assumptions used for determining the above amounts are based on experience for all Article 4 funds for the State of Illinois in aggregate, not that of each individual fund. The Department of Insurance has approved the actuarial assumptions based on the results of an experience analysis performed by Foster & Foster, Inc. Contact the Department of Insurance for complete experience tables.

### Data and Fund Information

The above valuation uses personnel data as reported to the Department of Insurance in the Schedule P. Specifically, the following data items have been determined as of the date of the Tax Levy Report: attained age, annual salary or pension, completed years of service of each individual participant.

The fund specific information used in the production of this document was provided to the Illinois Department of Insurance by your pension fund board of trustees through the fund's annual statement filing.
